

FORBEYON INC.

Committed to designing the highest quality creative image presentation products for the most sophisticated and discerning tastes. Offering design service, custom Flushmount albums, and Press Books, we create timeless treasures that will exceed expectations and go beyond your imagination.

ABOUT US

Forbeyon has grown from a graphic design studio to a photographers sole destination for your album needs. We specialize in artistic album design and offer prestigious custom covers. Our albums use the industry's greatest products including Durst, HP and Noritsu printers; Kodak Papers, archival materials, and fine Italian leathers. We design, produce, and manufacture our albums in our Dallas, TX facility. Our award winning albums are 100% handmade and have often been described as dynamic, elegant, lively and vibrant!

SUCCEED WITH FORBEYON

Over the last half decade Forbeyon has experienced exponential growth of over 500% in revenue and client base. Since partnering with Forbeyon, our clients have also experienced growth in revenue, client base, and their reputation amongst peers. We invite you to grow with us.

We are looking forward to designing beautiful albums with you!

Whether Forbeyon or your studio designs your album, the output is the final crucial element. Forbeyon is consistently dedicated to providing high quality printing and exceptional binding. Currently, we offer three types of book styles that include the Perfect Bound, Linear Bound, and our Flushmount album. With the numerous options of exclusive cover styles, each book will create the best reflection of your work and design.

Forbeyon's Design Service

The designers at Forbeyon have the same goal in mind as their clients, excellent final products. Forbeyon designers go beyond the competition by providing albums that are unique and original that emphasize your true personality. Just as you have an eye to see incredible one-of-a-kind shots, the designers at Forbeyon have the training and the aesthetic skills to envision and produce high quality designer albums.

Forbeyon's designers are able to create your perfect design offering three design styles and using the industries best tools. Our design service includes retouching, color correction, white balance adjustment, selective colorization, vignettes, texture overlays, and much more. Our design team is what makes Forbeyon like no other; providing clients with album designs that will make your images unforgettable.

Forbeyon Style:

To retell a story is your ultimate goal as an artistic photojournalist. It must tell the tale with that perfect mixture of movement, emotion, narrative and objectivity. This is especially true when it comes to album design. Forbeyon's Signature Design Style is just that: photographic storytelling! Our designers are masters of communicating literary devices in the form of digital post-production techniques. They are trained storytellers that successfully captivate an audience.

Key Elements: Special Borders, Faded Background Images, Creative Decorations, Illustrative Image Groupings
Average Image per Side: 2.5

Simple Style:

You have a simple but powerful approach to photography: your pictures must communicate captured emotion. They must speak directly to your clients. When it comes to album design, it has to be all about the pictures. Forbeyon's Simple Design Style does just that with a clean, balanced and dynamic presentation of your strongest images.

Key Elements: Minimal Special Effects, Balanced Image Groupings, Clean and Straight Borders
Average Image per Side: 2

Alta Moda:

Your reputation is classy. Your pictures are inspirational. Your albums are dramatic. Simply put you will not settle for anything less than that WOW factor! Created by one of Forbeyon's Sponsored Photographic Artist, Ben Quintanilla, Alta Moda is the tour de force of design styles. It will grab your attention by translating the depth of a captured moment through luxurious aesthetics. One of the key features of this style is its elegant use of texture overlays. The Alta Moda Style has passionately been described as: bellissimo!

Key Elements: Stylish effects, Texture Overlays, Bright and Bold Colors, Dramatic Blurs
